How it works...

- 1** We provide your group with a username & password to login to our app and website to upload trip photos.
- 2** Your group uploads photos with our app or website while you travel and/or after you travel. **We edit your photos** and put them on the app.
- 3** We create your video from the edited photos. Your group's photos can only be accessed with your group's username & password.
- 4** We stream the video to the app. Group Travel Videos will ship your keepsake archive DVD in about 2-3 weeks.

Benefits →

STUDENTS

Have a blast reliving their **Once in a Lifetime Experience** made from shared photos into a video streamed to their phones. Everyone gets a keepsake DVD to last a lifetime.

GROUP LEADERS

Appreciate how the video reinforces the **educational purpose** of the trip. It becomes a perfect recruiting tool for next year, too.

PARENTS

Can virtually travel along while the trip takes place. They can view the uploaded photos and get to see the **benefits** of their investment.

...and when the trip is over, everyone gets a keepsake DVD that will last a lifetime!

Search "Educational Tours" on the Apple or Google Play stores. App powered by Group Travel Videos, our partner since 2002.
